

## 8<sup>th</sup> Workshop ELI

### “T-cell lymphoma in Europe”

**29-30 September, 2022**

Hybrid event

Hilton Centraal Station - Amsterdam, The Netherlands

#### Thursday September 29<sup>th</sup>

13:45 Introduction: Hervé Tilly, Marie-José Kersten, François Lemonnier

#### 14:00 Session 1: What large cohorts teach us on such rare diseases?

*Chairs: I. Kryachok, T. El Galaly*

14:00	Project 1 and 2 prospective registries	Stefano Luminari
14:15	TENOMIC collection	Philippe Gaulard
14:30	NLG registries	Martin Bjerregård
14:45	GLA PTCL registry and Harmony	Thomas Weber
15:00	Netherlands Cancer Registry for T-cell lymphomas	Marcel Nijland
15:15	Spain "Real-T study"	Raul Cordoba
15:30	Czech T-cell lymphoma registry	Pavel Klener
15:45	International T-cell project	Massimo Federico

*16:00 Coffee break*

#### 16:30 Session 2: Novelty in PTCL diagnosis and staging

*Chairs: M Gomes da Silva, A Pettitt*

16:30	Novelty in molecular classification	Laurence De Leval
17:00	Pitfalls in PTCL diagnosis: pathologist point of view	Maria Rodriguez
17:20	Pitfalls in PTCL diagnosis: clinical point of view	Stefano Luminari

#### 17:40 Controversies

*Chairs: MJ Kersten, M Dreyling*

17:40	CHOP, a good backbone: YES	Yana Stepanishyna
18:00	CHOP, a good backbone: NO	Kate Cwynarski
18:10	Discussion	
18:20	Upfront ASCT: YES	JSP Vermaat
18:30	Upfront ASCT: NO	Emmanuel Bachy
18:40	Discussion	
18:50	Conclusion of the day	François Lemonnier

20:30 *Diner in town*

## Friday September 30<sup>th</sup>

### 9:00 Session 4: How to improve PTCL outcome?

---

*Chairs: I Glimelius, I Aurer*

09:00	Preclinical models in PTCL	Richard Moriggl
09:15	Targetable vulnerabilities in preclinical models	Raphael Koch
09:30	HSTCL – an alternative outlook on the disease	Igor Aurer
09:45	Novelty in an old immunotherapy: allo SCT	Olivier Tournilhac

### 10:00 Session 5: Immunotherapy and new drugs

---

*Chairs: C Haioun, M Trneny*

10:00	PD1 blockage in PTCL: Demon	Jurgen Ruland
10:15	PD1 blockage in PTCL: Angel	Gerhard Held
10:30	Discussion	

*10:40 Coffee break*

11:10	Identification of new targets for immunotherapy	Sean Lim
11:30	CAR-T challenges in T-cell lymphoma	Mascha Binder
11:50	Epigenetic targets in PTCL	François Lemonnier
12:10	Pathogenetic and targeted signaling routes in mature T-cell malignancies	Marco Herling
12:20	How to target ALK?	David Sibon
12:40	Conclusions on the Workshop	François Lemonnier
13:00	Wrap up	Marie José Kersten, Hervé Tilly

*13:00 Buffet lunch at the hotel*
